If you have any questions about HTML concepts covered so far, feel free to explore more resources or reach out. We have covered a wide range of topics, from basic tags to more advanced features.

Our lessons include everything from **headings** and *paragraphs* to **lists**, <mark>image paths</mark>, and ~~deleted content~~ formatting. We aim to provide a <u>comprehensive understanding</u> of HTML.

Review What You've Learned

Make sure to practice using tables, image maps, and text formatting. The more you practice, the better you will understand the nuances of HTML development.
